About the Smart Program: This program will host a series of workshops that bring together teens with hearing loss from multiple programs in the area. These workshops will provide exciting, structured events/tasks to help develop specific skill sets for building self-advocacy, social skills, leadership and teamwork skills, public speaking and ultimately, encouragement in becoming a more active participant in the community.

The SMART Program is being funded by a generous grant from the Morris and Alma Schapiro Fund

Registration Is FREE – But you MUST RSVP to reserve your spot and complete a waiver prior to your participation.

NOTE: If we do not have a signed parental waiver, you will not be able to participate in the Scavenger Hunt.

**All groups of 4-5 teens will have an adult chaperone as part of their group during the scavenger hunt in Grand Central Station.
